

### DRINKING WATER PROBLEM CORRECTED

**ESTE INFORME CONTIENE INFORMACIÓN IMPORTANTE ACERCA DE SU AGUA POTABLE. HAGA QUE ALGUIEN LO TRADUZCA PARA USTED, O HABLE CON ALGUIEN QUE LO ENTIENDA.**

As a customer of Avondale Borough,  
you were notified on 10/02/2017 of a problem with our drinking water and were advised to  
"Boil your water before using" as a precautionary action in response to loss of disinfectant in the drinking  
water distribution system.

We are pleased to report that the problem has been corrected and that it is no longer necessary to boil  
water before drinking. Precautionary follow-up testing shows that there is no coliform present in the  
drinking water

We apologize for any inconvenience and thank you for your patience.

Pipe repair work has been completed. Follow-up testing shows no total coliform bacteria. You no longer  
need to boil your water before using.

As always, you may contact: Bill Shore  
Borough of Avondale  
at (610)268-8501

*Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.*

This notice is being sent to you by Borough of Avondale.
