

SCAM ALERT

By Avondale Fire Company April 23, 2018

It has come to our attention that someone is representing the Avondale Fire Company and Avondale Police in a donation scam. The number requesting donations is coming back as listed in the Avondale area but is not associated with the Fire Company. Do not provide any personal information or money over the phone. The Avondale Fire Company does not solicit donations via phone. Avondale Fire Company is currently only seeking funding through our fund drive mailing and donations through our official website www.afc23.org. If you have or have had a donation request via phone please report your interaction to your local Police Department.

Anything else we can help with please let us know via email at info@afc23.org.

**SCAM
ALERT!**
