

**AVONDALE BOROUGH
WORK SESSION
SEPTEMBER 14, 2021
2:00 P.M.**

COUNCIL MEMBERS PRESENT: Bill Shore, Dottie Howell, Bob McCue

GUESTS PRESENT: Sandy Masten, Dennis O'Neill, Mike Bostic,

The Work Session began at 2:00 p.m.

WATER AND WASTEWATER TREATMENT PLANT

NEW WELL

Dennis said a new transformer was installed and the system re-energized. When the system was re-energized, it fried the ethernet switch and a new one was ordered. Mike LaFrance checked the electrical system and everything is working. The switch will be replaced this week and then the system should be ready to go after DEP approves.

SCADA SYSTEM

Dennis is working with Optimum on the SCADA System. The manual overrides over time have messed up the system and we need to figure out what is needed and not needed.

NEW BUSINESS:

COUNCIL MEETING AGENDA

The agenda was reviewed and items were added. The agenda will be posted at the Borough Office and on the Borough's website.

RENTAL INSPECTIONS

The rental inspections have been cancelled since April 2020 due to the Coronavirus. Council discussed and decided to wait until early 2022 to resume the inspections because of the recent covid numbers.

OLD BUSINESS

HEROES WALL – BE HERE BREWING FUNDRAISER

Dottie Howell said September 30th is the date for the fundraiser at Be Here Brewing. They are donating 15% of the proceeds for that day.

The work session ended at 3:30 p.m.

These minutes were taken from notes, no recording device.

Respectfully submitted,

Becky Brownback
Borough Secretary
